

November 5, 2019

Dear Wonderful Methacton Employee,

The Methacton Education Foundation has **donated over \$370,000** to the Methacton School District benefiting teachers and students. We are gaining momentum having granted over **\$170,000 of that in the last year** alone.

Thanks to our generous donors we are funding innovative educational grants for STEM, Career Readiness, Programs for Economically Disadvantaged Students, and Student Wellness in Methacton. There is so much more we can do for you, our **most valuable asset – our faculty and staff!**

As an independent 501(c)(3), and the leading nonprofit providing grants to the Methacton School District, we cultivate donations from individuals, corporations and institutions that **change lives** in Methacton.

Please join us in participating in our **2019 EVERY DROP COUNTS** Faculty and Staff Giving Campaign with an outright gift or one payable through payroll deduction. This campaign runs from November 5 through December 31, 2019. Every gift, no matter the size, is important and can change lives.

As vital as the dollars raised through this effort is, having as many faculty and staff members participate district-wide is of equal importance. Your participation will set us up for large grants that are only given to Foundations with employee participation.

There are 3 easy ways to donate:

- 1) **Credit Card** via our secure website: www.methactonfoundation.org/donate
- 2) **Check or Cash:** [Click to Print Donation Card](#)
